

# How To:

## Google Meet with a Code

You need to be logged in to your school Google account to connect to Google Meets with your class if you are with AMDSB.

- Go to Google Meet (<https://meet.google.com/>) or use the App picker (waffle) in the top right of any of your Google pages to select the Meet icon.

- Click on 'Use a Meeting Code'
- Type or paste in the nickname/code your teacher has provided into the enter meet code box
- Click on continue
- Select 'join now'

Join or start a meeting ×

Enter the meeting code or nickname. To start your own meeting, enter a nickname or leave blank.

- Another way you may be asked to go to a Google Meet is by an email invitation. Check the email carefully for a link that you need to click to join.
- If you are a student from outside AMDSB, you will need to get a link from your teacher in order to join directly if the nickname doesn't work.
